

**NEW**  
Graphite Color

# iSi Basics Professional Kitchen Tools Strength, Innovation & Functionality

**Steel-Reinforced Utensils made of silicone with a full length spring-steel core.**

- Sharp, firm edges provide efficient scraping coverage
- Heat resistant to 600°F (315°C)
- Varied curves and notches means even tight corners and specialty shapes are accessible
- Seamless construction eliminates food traps
- Dishwasher safe

**Flex~it® Mixing Bowls and measuring cups of flexible silicone with a “pinch to pour” to make a spout anywhere on the rim.**

- Tapered wall thickness and sturdy base on the bowls improves stability and reduces spills
- Curved lip eliminates drips
- Bowls show cup capacity inside, 3 essential sizes
- Measuring cups show ounces and liters, 4 essential capacities
- Nests for space-saving storage
- Available as sets and individually
- Heat resistant to 490°F (254°C)
- Microwave and dishwasher safe

## Pro Tongs™ NSF Certified & Stainless Steel
